Introduction

The **Cyberabad Police Permission Management System**, oversees numerous permissions for events organized by individuals and organizations, requiring careful coordination and management. To improve efficiency, the department has recognized the need to **digitize and streamline the event permission process**.

The proposed solution is to develop an Online Permissions Management System. This system will:

- Simplify the process of requesting, approving, and managing event permissions within the Cyberabad jurisdiction.
- Provide **secure access** to information about all permissions granted by the department. This digital system will enable better management, faster approvals, and a more organized approach to event permissions.

Applying for Blasting Extension

Below are the steps for applying for a blasting extension if the application has exceeded 90 days from the date the form was originally submitted.

Eligibility for Extension

- If the application was submitted **more than 90 days ago**, you are eligible to apply for an extension.
- This process is only applicable to **disposed applications**.

Steps to Apply for Blasting Extension

Log into the Application Portal

• Access the application portal using credentials.

Navigate to the Disposed Applications

• From the dashboard, under Application status go to the **Disposed** section.
